## Dear Chapter Volunteers,

Our fall [Chapter Officers Forum](#) is quickly approaching and we are looking forward to welcoming our volunteers back on campus. We have an exciting schedule planned focusing on Broadening Alumni Engagement, as well as our annual chapter awards dinner banquet. The event is taking place on September 5 through 7; the complete schedule and more information may be found on our [website](#).

As I mentioned last month, be sure to review the new [Chapter Awards Requirements Checklist](#) while planning activities for the coming year. This simple, one page document should be your guide for determining what projects you will complete and events you will host throughout the year. Please contact your chapter liaison if you have questions or concerns about meeting any of the requirements.

We have a new and exciting event coming this summer at the [Virginia International Raceway](#) in Alton, VA (near Danville). "Virginia Tech Day" at the VIR will include an exclusive Virginia Tech Alumni Association Headquarters Pavilion, a tailgate competition, go-kart races, skeet shooting, and more. The race takes place Saturday and Sunday, August 10 & 11, with alumni events throughout the day on Saturday. More details may be found on page 2.

Enjoy the rest of your summer!

Deborah A. Day

Associate Vice President for Alumni Relations

## Chapter Event Highlight: Shanghai Alumni Social

This summer, a group of students from Pamplin College of Business took part in a Study Abroad program throughout China. Led by faculty members Michael Kender, Professor of Practice (Finance) and Devi Gnyawali, Pamplin Professor of Management, the 6-week program took students to Guilin for basic Mandarin courses, then on to Beijing and Shanghai to visit two of the leading business centers in China.

While in Shanghai, alumni Robert Fried '09 and Abigail Whalen '07 co-hosted a networking social for local alumni living in the area to meet each other and the visiting students and faculty. A growing number of Virginia Tech alumni live in Shanghai as it is home to many U.S. company headquarters, including General Electric, Dow Chemical, and Kraft Foods. Nick Chapin '99 is an entrepreneur who has had his own architectural firm in Shanghai for the past 10 years.

Guilin is the location of the Chinese Language Institute, where 20-30 Virginia Tech students pass through each year to complete Pamplin business courses and earn credits in foreign language.

The alumni enjoyed meeting the traveling students and faculty and are working towards organizing more Shanghai, Guilin, and Beijing events.

## Chapter Volunteer Highlight: Ron Thompson '71, Tideneck Chapter

The Tideneck Chapter has undergone several periods of turnover in leadership in recent years, primarily as a result of the declining local economy and its impact on the changing careers of local alumni.

Ron Thompson '71, who is "officially" the Scholarship Chair for the Tideneck Chapter, recognized the chapter's obligation to continue to raise money and run a scholarship program throughout the changes in leadership. Prior to Jim Cox '72 taking the helm in the fall of 2012, Ron worked almost single-handedly to conduct the necessary business of the chapter far beyond his assigned duties.

From 2010 to 2012, he filed annual reports, initiated a range of social activities, and conducted fundraising events. He organized and executed the HokieBird Fights Hunger canned food drive and personally distributed several boxes of collected food to three designated food pantries in Westmoreland, Richmond and King & Queen Counties.

Ron was instrumental in ultimately gathering the most active members together to reorganize and renew the leadership group.

Recognized by his peers to be a true leader and the ultimate volunteer, fully embracing the motto "That I May Serve," Ron was awarded the Outstanding Chapter Volunteer at the 2012 Chapter Officers Forum.

Although Ron was unable to attend the event, the award was accepted on his behalf by Tideneck Chapter President Jim Cox '72. Please join us in congratulating Ron on his achievement!

## Community Service Highlight: Atlanta Chapter, Sugar Creek Garden Clean-Up Project

On Saturday, June 29, Atlanta Chapter alumni volunteers gathered to help clean-up a local community garden in their area.

At Sugar Creek Garden in Decatur, GA, the mission is to grow fresh, organic food in the city. The garden was initially supported by the City of Decatur as part of its urban agriculture initiative and is now fully funded by the Wylde Center, a local non-profit that cultivates environmental stewardship. Food produced in the garden is shared with volunteers and made available to the public through u-harvest events.

The garden depends upon volunteers of all ages, no garden experience necessary! Atlanta Chapter leadership worked with the garden to arrange for a Hokie volunteer group and many alumni turned out to help.

This project is a terrific example of “thinking outside the box” for community service projects; consider finding a local garden in your area that could use some help and you may bring in a whole new group of volunteers!

## Staff Highlight: Jack Hutcheson, Director, National Capital Alumni Programs

As a third-generation alumnus and fourth-generation employee, Jack Hutcheson serves as Associate Director in charge of alumni chapters throughout the North Atlantic states. His previous work for Arthur Andersen & Co., E. F. Hutton, and as General Partner of his own firm, includes over 20 years of extensive management and administrative expertise.

Since moving to Northern Virginia in 1980, Jack has been a leader in local volunteer organizations. He has held leadership positions in the Alexandria YMCA, Alexandria Chamber of Commerce, and Christ Church of Alexandria, where he now teaches kindergarten Sunday school.

He was a founding member of the Capital-area Alumni Association of a large national fraternity. His professional memberships include Beta Gamma Sigma, National Business Honor Fraternity, and the Council for Advancement and Support of Education.

Forbears and contemporaries graduating from Virginia Tech include Jack's grandfather, class of '07; father and mother, classes of '44 and '48, respectively, and his son Rawles '04. Five generations of Virginia Tech employees began with his great-grandfather, who joined the faculty in 1896, continuing through his grandfather, who held several positions including President from 1945-47, through his grandfather's nephew, and on, to Jack and his Rawles.

Jack enjoys fox hunting and serves as the Honorary Secretary of the Old Dominion Hounds.
