FORERWORD

With pride, we present a ring designed to be the best — the Class of 1969.

Goal of the Ring Committee has been the greatest V.P. I. Class Ring has been the
EXCELLENT THINGS ARE POSSIBLE

TO THE MEMBERS OF THE CLASS OF 1969.

We hope you will believe, as we do, that the education of a lifetime is a lifetime of service to others. Our dear Alma Mater, Vicksburg High School, has provided a wonderful foundation for each of us. We have been given the opportunity to earn our living in a world where every large and small act contributes to the well-being of mankind. We have a responsibility to use our talents, abilities, and skills to make the world a better place.

The Class of 1969 is proud of the work we have accomplished. We have served our community and our country with dedication and enthusiasm. We have been a part of a great tradition, and we have met the challenge of the future with courage and confidence.

The Class of 1969 is dedicated to the continued success of our school and our community. We believe that education is the key to a better world, and we will do our part to ensure that our children have the same opportunities that we have had.

Thank you for your support and your trust in our abilities. We will continue to strive for excellence in all we do.

Mike Griner
Class President

Mr. Woodard
to the many warm memories of the Class of 1966.

A lifetime member of the class, I treasure this opportunity to share my reflections about the life and work of our graduates who are now leading the way.

The Class of 1966 was a truly exceptional group. In our time, they demonstrated a remarkable ability to work together and achieve excellence.

Great things are possible, but they require hard work and dedication. Let's all strive to be part of this great tradition and continue to make a positive impact on the world.

Mr. President,

Mike

Yours sincerely,

Mike

TO THE MEMBERS OF THE CLASS OF 1969
The NineTeen Hundred and Sixty-Nine

The NineTeen Hundred and Sixty-Nine

The NineTeen Hundred and Sixty-Nine...
The shield itself is modeled in a style similar to a Coat of Arms. The shield is divided into two sections: the upper section features a stylized eagle, while the lower section displays a shield with a laurel wreath.

The eagle, which symbolizes victory, is located on the left side of the shield. The eagle's wings are outstretched, and its talons hold a shield, representing the college's dedication to excellence in education and scholarship.

The shield also includes the letters "A.P.L." at the bottom center, standing for "Agriculture, Park, and Liberal Arts." This indicates the college's focus on providing a comprehensive education that prepares students for various fields.

Below the eagle, a banner reads "1969," signifying the year the college was established. This banner is flanked by two laurel wreaths, further emphasizing the college's dedication to academic excellence.

Overall, the design of the shield reflects the college's commitment to academic rigor, innovation, and excellence in the fields of Agriculture, Park, and Liberal Arts.
for the 'A' P. I. Class of 1969

The finest effort on John Roberts' part is none too good.

Home town and state of origin, will be hand-delivered by Dave Dean with your name and address included. Each ring will be hand-carved and polished. Each ring is made in one piece with no seams or joints, and each ring is engraved with the name of the student, the college and the class year.

John Roberts, Vice President of the Tool Inc., and the President, Dave Dean, will present the rings to the students. The presentation will take place in the auditorium of the university.

The rings are unique, designed for Virginia Tech.

We are proud to invite you to make the 1969 Ring the ring of excellence.

The construction of the building is the product of a dream.

The fountain is the pride of the campus.

The company's goal is to be the best universities in the United States. Virginia Tech is preparing for the future, the university, to compete with colleges and universities with the best.

It is given also that the following stones are available in the 1969 class. These are a variety of stones, including those that are part of the natural stone collection. These stones are available to choose from, and they will be used to create a unique piece of jewelry. The background finish of the jewelry is in gold-colored or green stone.

Background Finishes

The ultimate in durability and beauty is found in the use of natural stones, such as opals, which are known for their iridescent properties. These stones are available in a variety of colors, including yellow, green, and blue. The use of these stones in jewelry design is a testament to the beauty and durability of natural materials.

Genuine Yellow Gold
Genuine Green Gold
Genuine Blue Gold
Genuine White Gold

In summary, the selection of natural stones is an important part of jewelry design. The use of genuine materials, such as opals, and the use of a variety of colors, create a unique and beautiful piece of jewelry. The use of natural stones is not only durable, but also adds a sense of beauty and individuality to the jewelry.
